

allow students to be able to take those courses without having to have the prerequisites before they take them. So I would have to stand up and oppose the amendment to the committee amendments, Mr. President.

PRESIDENT: Is there any...we are on...we are discussing the Lamb amendment as explained by Senator Wesely. Is there further discussion on that measure? Senator Eret, you may close if you wish.

SENATOR ERET: Mr. Speaker and members, this longstanding procedure that has been used by the schools is definitely being...now viewed as being under threat under the way that the hearings went with the Department of Education. And as an example, I would point out that in my district I have a high school that now not only teaches the required number of hours but are scheduling an extra hour a day for all of their students in the high school just so that they can have the students get around to take all of these courses that are required. And this I think is an unnecessary burden being put on these schools. We definitely will have more educated students there but it is beyond what is being required of other students in the state, and for that reason I would request that this language be put into statute so that the way that our schools were successfully operated could continue in the future. Thank you.

PRESIDENT: The motion is the adoption of the Eret amendment to the committee amendment. All those in favor of the Eret amendment vote aye, opposed vote nay. The motion is the adoption of the Lamb-Eret amendment. It is an amendment to the committee amendment. Please record your vote. Please record your vote. Have you all voted? Have you all voted? Have you all voted? This is the Lamb-Eret amendment to the committee amendments. Have you all voted? Senator Vickers.

SENATOR VICKERS: Mr. President, it looks like I am going to have to ask for a call of the house. I would like to get the folks in.

PRESIDENT: Senator Vickers has requested a call of the house. The question is, shall the house come under call? All those in favor vote aye, opposed vote nay. The Clerk will record the vote.

CLERK: 9 ayes, 0 nays to go under call, Mr. President.
